

# Dever-McCormack K-8 School

## ILT Agenda

1/25/11

We will accelerate student achievement through the development of **strong teacher-led teams** ✓, **ongoing data cycles** ✓, and professional learning to support the implementation of **best instructional practices in the four domains of language acquisition** (listening, speaking, reading, and writing). ←

### Team Norms (Draft):

- Respect time.
  - Participate fully. We each have a responsibility to participate.
  - Share air time so that everyone has an opportunity to speak and no one voice dominates.
  - Set a clear purpose and stick to the agenda
  - Follow through on next steps. Hold ourselves and each other accountable for follow through.
  - Establish and utilize systems for decision making and conflict resolution.
- 

**Today's Goal: By 8:45 we will have outlined how our common instructional practice will be rolled out school wide.**

### 7:30-7:45 Think, Pair, Share:

Objective: Use our common instructional practice to reflect on your experience using a pair talk protocol in your work

### 7:45-8:00 Video clips

Objective: To continue and deepen our discussion of how we implement pair talk protocols in classrooms.

### 8:00-8:10 Introduce the timeline for implementation

Objective: To make expectations for professional growth and implementation of pair talk protocols clear to all members of the school community

### 8:10-8:30 Team leaders plan what will need to be covered in team meetings in February

Objective: To give team leaders a opportunity to plan for the work their teams will need to do around our common instructional strategy in February

### 8:30-8:45 Teacher leadership development- Colleen

Objective: To deepen our shared understanding of the role of teacher leaders in school reform efforts
