PROBLEM SOLVING: ACTION PLANNING TOOL

DISTRICT: _Jefferson Co._

TOPIC (e.g., increased learning time): _Collaborative leadership_

GOAL: _Create a leadership development system for PreK_
Schools — that create a systemic approach to

CHALLENGE:
- Principal must be trained differently — leadership Team training
- Funding of "initiative" (#) — follow-up process;

What can we apply from the lessons learned from other districts?

- MUST HAVE a collaborative approach with follow-up

Do we have the resources and capacity to overcome our challenge and reach our goal? If not, how do we get there? (yes + no)

- draw together outside agencies/organizations to support
the process to pay for follow-up.

What specific steps should we take to address the challenge(s)? By when do we need to complete them? And who is responsible for them?

2. Distrites: Cohort of Teachers / Leadership Academy

Action	Timeline	Responsible Stakeholders
1. Schedule Summer Distrite for the MCA schools (Cohort 3) • Bring together the entire	March 1st	JCPS / KDE
2. • Identify schools + teachers	April 1st	JCPS
3. Conduct Distrite Follow-up with agencies / organizations - they continue to work in MCA schools - KDE continues support	June-July	• JCPS • KDE • U of Louisville • Cooperatives

How do we measure success? Student Achievement; Teacher Retention;
1. Wins; Conditions survey
2. University System
